

# A familiar face can be the best medicine.

Marisa Herrera, FNP  
Family Nurse Practitioner

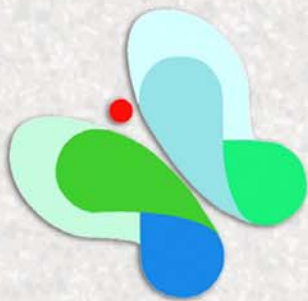

Let's face it. Sometimes health care can be scary, especially if you're sick or hurt.

That's when a familiar face can be the best medicine.

Like when you see **Marisa Herrera**, a family nurse practitioner who has returned to our Shelby office. Marisa worked here a few years ago, then joined the nursing faculty at MSU and a family practice in Grand Rapids.

Call Marisa to help you manage your chronic illness, or with your women's health questions.

Or any time you need a little reassurance from an old friend.
